

Request for Proposal — Cloud Learning Management System

1. Client / Organisation

Westfield University

2. RFP Reference Number

RFP-2026-EDU-145

3. Solution Domain

Education / EdTech

4. Region

Canada

5. Submission Deadline

18 Aug 2026

6. Background

Westfield University seeks a cloud-based Learning Management System (LMS) to support 40,000 students with online courses, assessments, and analytics.

7. Functional Requirements

- Provide course authoring, delivery, and assessment tools.
- Support live and recorded virtual classrooms.
- Integrate with the existing student information system (SIS).
- Offer learning analytics and at-risk student identification.
- Provide mobile apps for iOS and Android.

8. Non-Functional Requirements

- Support 15,000 concurrent users during exam periods.
- Page load time under 2 seconds.
- Availability of 99.9%.

9. Compliance & Security Requirements

- Comply with Canadian privacy law (PIPEDA) for student data.

- Accessibility compliance (WCAG 2.1 AA).
- Data hosted within Canada.

10. Commercial / Pricing Line Items

- LMS subscription (per student per year, 40000 students)
- Virtual classroom add-on (per month)
- Implementation & migration (labor, estimated 1200 hours)
- Premium support (annual)

11. Evaluation Criteria

- Functionality & usability 40%
- Accessibility & compliance 20%
- Integration 15%
- Price 25%

12. Submission Instructions

- Responses must be submitted in PDF or DOCX format by the submission deadline.
- Vendors must address every functional and compliance requirement explicitly.
- Pricing must be itemised and valid for 90 days.
